I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I do not support your restricting the availability of individually compounded medications.

My physician feels that I must take dexamethasone along with my estrogen. This "inordinate amount" limitation will restrict my ability to obtain this medication and will seriously affect my quality of life as a post-menopausal female. This medication is not available from commercial pharmaceutical manufacturers.
